By signing this enrolment form or providing my personal information to the Pension Corporation, I confirm that the information is complete and accurate to the best of my knowledge. I am authorized to release personal information concerning my spouse and my dependants, for purposes of determining eligibility for benefits and any other services necessary in the administration of my benefits. I certify that I am authorized by my spouse and/or dependants to disclose and receive personal information about them that is used for these purposes. I agree that the Pension Corporation may share the personal information with Green Shield Canada, and Green Shield Canada may share the personal information with a third party for the administration of benefits for myself and my dependants. I understand group benefit coverage is a contingent benefit of the plan. That is, the EHC and dental benefits are not guaranteed. The coverage may be changed at any time by the Public Service Pension Board of Trustees, including, but not necessarily limited to, increasing, decreasing or eliminating (a) coverage for people and benefits, or (b) amounts for premiums and deductibles. If my pension payment is sufficient to cover my premium(s), I authorize the Public Service Pension Plan to deduct this amount from my pension cheque. If I should receive a settlement or a judgment against a liable third party for benefits covered under my group plan, I agree to and authorize the third party to reimburse Green Shield Canada up to the amount advanced to me pending such settlement or judgment.

Definition of spouse and dependants (for extended health and dental purposes)

Spouse: A spouse is a person whom you are married to or living with in a marriage-like relationship.

If you are in a common-law relationship, you must live together for 12 months before being eligible to apply for extended health benefits and dental coverage for your spouse (unless you are claiming your spouse's children as dependants on your income tax return). If in a common-law relationship, you may be required to provide proof that you have been living in a common-law relationship for 12 months or more. If you leave one common-law relationship and enter another, you must wait 12 months after cancelling coverage for your first spouse and dependants before you can enrol another spouse and other dependants.

Your spouse is not entitled to health benefits if they are separated from you for other than health reasons.

Dependent child: A dependent child may be your natural child, stepchild, adopted child or legal ward (requires a court order, attach a copy). A dependent child must also be:

- not working more than 30 hours per week on a permanent (year-round) basis,
- not married or not living in a marriage-like relationship as common law,
- under 19 years of age, or under 25 years of age and attending an accredited school or university full time (minimum three courses per semester, including co-op programs, and online and correspondence courses) in a program leading toward a diploma, degree or certificate recognized in Canada (proof of school attendance will be required), or
- of any age with a mental or physical disability and accepted as a dependant for income tax purposes. The pension plan will verify eligibility with Green Shield Canada for disabled dependant(s).

What you need to know

- Your spouse and/or dependants must apply for medical coverage under the provincial health insurance plan.
- Continuous coverage since your retirement date is a condition of eligibility for spouse/dependant(s). For the purpose of this application, we require the details of insurance coverage for the past 12 months only.
- Coverage will be effective the first of the month following cancellation of previous coverage.
- If adding a new spouse and/or dependant you must apply within 60 days of:
- your spouse or dependant becoming a permanent resident of Canada, or
- termination of their benefits coverage under another plan, or
- the date upon which you married or remarried (copy of marriage certificate required), or
- the date upon which you and your common-law spouse have lived together for 12 months, or

- the date upon which an individual became your dependant (copy of legal document required).
- Coverage will be effective the first of the month following their eligibility date.
- Your spouse and/or dependant(s) must participate in the EHC and/or dental plan(s) for a minimum of 12 months.
- Some provinces charge tax on voluntary extended health care and voluntary dental insurance premiums.
- For more information visit our website at pspp.pensionsbc.ca.

Dependent student

- If you apply within 60 days of the student starting school, coverage will be effective the month the student becomes eligible.
- If it has been more than 60 days since the student started school, coverage will be effective the first day of the month after you apply for coverage.
